The Italian developer **Milestone** is one of the most experienced studios in racing games. They have worked on licenses such as MXGP – The Official Motocross Videogame and MotoGP™.

Developed using **Epic Games' Unreal® Engine 4**, *Gravel* offers an off-road arcade experience at the wheel of supercharged cars in 4 completely different disciplines. Over 50 original races in 16 unique locations around the world are awaiting all the fans of the genre.

*Monster Energy Supercross - The Official Videogame* will let players participate in the most highly-contested and prestigious off-road motocross championships in the world. Players will be able to take on the role of their favourite riders on the tracks of the Monster Energy AMA Supercross 2017. One of the most popular motorcycle licenses in the world will have a simulation with an unprecedented level of realism.

**About Bigben**

Bigben is a major video game publisher, designer and distributor of mobile phone and gaming accessories as well as audio products. The group, recognised for its innovation and creativity, aspires to become a European leader in each of the sectors it is active in. [www.bigben.fr](http://www.bigben.fr)

**About Milestone**

Founded in Milan in 1996, Milestone S.r.l. is the largest Italian developer and is recognised worldwide as a leader in racing simulations. The company's obsessive pursuit of quality and attention to detail, unique in Italy, have been the company's signature and philosophy since the start. The SBK® Superbike World Championship series, MotoGP™, MXGP – the official Motocross videogame and the official FIA World Rally Championship game are four striking examples.
